

Harshita Bansal

Site Reliability Engineer — Google Cloud Platform

Noida, India | harshita.bansal.sre@gmail.com | +91 94123 45635 | linkedin.com/in/harshitabansal | github.com/harshitabansal

PROFESSIONAL SUMMARY

Site Reliability Engineer with 4 years of experience ensuring the reliability, scalability, and observability of production systems on Google Cloud Platform. Skilled in incident response, SLO design, and building automation that reduces operational toil.

TECHNICAL SKILLS

Cloud: GCP (GKE, Compute Engine, Cloud Functions, Pub/Sub, IAM)

Reliability & Monitoring: Prometheus, Grafana, Cloud Monitoring, PagerDuty

Automation: Terraform, Python, Bash, Ansible

Containers/CI-CD: Kubernetes, Docker, Cloud Build, GitHub Actions

PROFESSIONAL EXPERIENCE

Site Reliability Engineer — Skyloom Cloud Services

Noida, India | May 2022 – Present

- Defined and tracked SLIs/SLOs for 12 critical services, improving overall platform availability to 99.95%.
- Led incident response for production outages, cutting average mean-time-to-resolution (MTTR) by 40%.
- Automated capacity scaling policies on GKE, reducing over-provisioning costs by 20%.
- Built runbooks and automated remediation scripts in Python, reducing repetitive on-call toil by 30%.
- Rolled out Prometheus/Grafana-based observability across all production services, replacing fragmented legacy monitoring.

DevOps Engineer — Orbitfeed Technologies

Noida, India | Jul 2020 – Apr 2022

- Managed CI/CD pipelines with Cloud Build for microservices deployed on GKE.
- Provisioned GCP infrastructure using Terraform for staging and production environments.

PROJECTS

Incident Response Automation Bot | Python, PagerDuty API, Slack API

- Built a bot that automatically creates incident channels and posts relevant service dashboards on alert triggers.

EDUCATION

B.Tech in Computer Science and Engineering — Jaypee Institute of Information Technology

Noida, India | 2016 – 2020

CERTIFICATIONS

Google Cloud Professional Cloud DevOps Engineer • Google Cloud Professional Cloud Architect
