Bengaluru, India | rohan.verma.web@gmail.com | +91 90123 45678 | linkedin.com/in/rohanverma | github.com/rohanverma

PROFESSIONAL SUMMARY

Frontend Developer specializing in Next.js and React with a strong focus on SEO, server-side rendering, and web performance. 3+ years of experience shipping production applications with a Core Web Vitals score above 90 and building scalable design systems.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3

Frameworks: React.js, Next.js (App Router), Node.js, Express.js

Styling/UI: Tailwind CSS, Chakra UI, CSS Modules

Tools & Platforms: Vercel, Git, GitHub Actions, Lighthouse, Storybook, Postman

PROFESSIONAL EXPERIENCE

Frontend Developer — Brightlane Media

Bengaluru, India | Jan 2023 – Present

- Rebuilt a marketing site on Next.js with server-side rendering and ISR, improving Lighthouse SEO score from 68 to 96.
- Implemented dynamic routing and metadata generation, increasing organic search traffic by 32% in 6 months.
- Set up a component library in Storybook shared across 4 internal products, cutting new-feature build time by 25%.
- Deployed applications on Vercel with preview environments, streamlining the PR review process for the team.

Frontend Engineer Intern — PixelForge Studio

Remote | May 2022 – Dec 2022

- Built landing pages and blog templates using Next.js and Tailwind CSS for client marketing campaigns.
- Improved image loading performance using next/image, reducing average page weight by 40%.

PROJECTS

DevBlog — SSR Blogging Platform | Next.js, TypeScript, MDX, Tailwind CSS

- Created a markdown/MDX-based blog with static generation and incremental revalidation.
- Achieved a 100/100 Lighthouse performance score through image optimization and route prefetching.

EDUCATION

B.E. in Information Technology — R.V. College of Engineering

Bengaluru, India | 2018 – 2022

CERTIFICATIONS

Next.js & React — The Complete Guide (Udemy) • AWS Certified Cloud Practitioner
