

Karan Mehta

Frontend Developer — Vue.js

Ahmedabad, India | karan.mehta.dev@gmail.com | +91 99887 66554 | linkedin.com/in/karanmehta | github.com/karanmehta

PROFESSIONAL SUMMARY

Vue.js Frontend Developer with 3+ years building fast, maintainable single-page applications for e-commerce and SaaS platforms. Experienced with Vue 3 Composition API, Pinia, and building reusable component libraries in agile teams.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3

Frameworks: Vue.js 2/3, Vue Router, Pinia, Vuex, Nuxt.js

Styling: Tailwind CSS, SCSS, Vuetify

Tools: Vite, Git, Jest, Vue Test Utils, Figma

PROFESSIONAL EXPERIENCE

Frontend Developer — Shopnix Commerce

Ahmedabad, India | Sep 2022 – Present

- Developed a Vue 3 storefront using the Composition API, improving component reusability by 40%.
- Migrated state management from Vuex to Pinia, simplifying store logic and reducing boilerplate.
- Built a checkout flow handling 5,000+ daily transactions with real-time cart and inventory sync.
- Optimized Vite build configuration, cutting local dev server startup time by 60%.

Junior Web Developer — Trident Web Studio

Ahmedabad, India | Aug 2020 – Aug 2022

- Built marketing and landing pages using Vue.js and Nuxt.js for small business clients.
- Integrated third-party payment and CMS APIs into Vue-based storefronts.

PROJECTS

RecipeBox — Recipe Sharing App | Vue 3, Pinia, Firebase

- Built a community recipe-sharing app with authentication, search, and favoriting features.
- Used Pinia for centralized state and Firebase Firestore for real-time data sync.

EDUCATION

B.E. in Information Technology — Gujarat Technological University

Ahmedabad, India | 2016 – 2020

CERTIFICATIONS

Vue.js 3 Masterclass (Udemy) • JavaScript Advanced Concepts — Zero to Mastery
