

Arjun Nair

Backend Developer — Node.js & Express

Kochi, India | arjun.nair.dev@gmail.com | +91 98123 45670 | linkedin.com/in/arjunnair | github.com/arjunnair

PROFESSIONAL SUMMARY

Backend Developer with 4+ years of experience designing and scaling RESTful APIs and microservices using Node.js and Express. Strong background in database design, authentication systems, and performance optimization for high-traffic applications.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, SQL

Frameworks: Node.js, Express.js, NestJS

Databases: MongoDB, PostgreSQL, Redis

Tools: Docker, RabbitMQ, Git, Postman, Jest, GitHub Actions

PROFESSIONAL EXPERIENCE

Backend Developer — Streamly Media

Kochi, India | May 2022 – Present

- Designed and built RESTful APIs in Node.js/Express serving 2M+ requests per day for a video streaming platform.
- Implemented JWT-based authentication and role-based access control across 15+ microservices.
- Optimized MongoDB queries and added Redis caching, reducing average API response time by 45%.
- Introduced a message queue with RabbitMQ to decouple video-processing jobs, improving system reliability.
- Wrote automated integration tests with Jest, increasing backend test coverage from 40% to 78%.

Junior Backend Developer — Coral Softworks

Kochi, India | Jun 2020 – Apr 2022

- Built CRUD APIs and database schemas for a B2B inventory management SaaS product.
- Migrated a monolithic Express app toward a modular service structure, improving maintainability.

PROJECTS

ShortLinkr — URL Shortening Service | Node.js, Express, Redis, MongoDB

- Built a high-throughput URL shortener with Redis caching and rate limiting.

EDUCATION

B.Tech in Computer Science — Cochin University of Science and Technology

Kochi, India | 2016 – 2020

CERTIFICATIONS

Node.js Developer Certification — OpenJS Foundation • MongoDB Certified Developer Associate
