

Farhan Sheikh

Full Stack Developer — Django & React

Lucknow, India | farhan.sheikh.dev@gmail.com | +91 97012 34589 | linkedin.com/in/farhansheikh | github.com/farhansheikh

PROFESSIONAL SUMMARY

Full Stack Developer with 5 years of experience combining a Django backend with a React frontend to deliver secure, data-heavy web applications. Skilled in relational database design, REST API development, and building admin-facing tooling.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL

Backend: Django, Django REST Framework, Celery

Frontend: React.js, Redux Toolkit, Bootstrap

Databases & Tools: PostgreSQL, Redis, Docker, Git, Nginx, Pytest

PROFESSIONAL EXPERIENCE

Full Stack Developer — Ferrovia EdTech

Lucknow, India | May 2021 – Present

- Built a learning management system end-to-end using Django REST Framework and React, serving 25,000+ students.
- Designed the PostgreSQL schema for courses, enrollments, and grading, optimizing for reporting queries.
- Implemented a React-based instructor dashboard with real-time analytics on student progress.
- Set up Celery workers for scheduled email reminders and video-transcoding jobs.
- Containerized the full stack with Docker Compose, simplifying local development for a 6-person team.

Backend Developer — Civica Data Solutions

Lucknow, India | Jun 2019 – Apr 2021

- Built Django REST APIs for a government data-reporting portal used by 500+ officials.
- Wrote Pytest test suites, maintaining over 80% backend coverage.

PROJECTS

GrantTrack — Grant Application Portal | Django, React, PostgreSQL, Celery

- Built an end-to-end grant application and review workflow with status tracking and notifications.

EDUCATION

B.Tech in Computer Science — Dr. A.P.J. Abdul Kalam Technical University

Lucknow, India | 2015 – 2019

CERTIFICATIONS

Django for Everybody — Coursera • React — The Complete Guide (Udemy)
