

Nikhil Choudhary

Machine Learning Engineer

Bengaluru, India | nikhil.choudhary.mle@gmail.com | +91 96012 34689 | linkedin.com/in/nikhilchoudhary | github.com/nikhilchoudhary

PROFESSIONAL SUMMARY

Machine Learning Engineer with 5 years of experience building and deploying production ML systems at scale. Strong focus on MLOps, model monitoring, and collaborating with data scientists to productionize models reliably.

TECHNICAL SKILLS

Languages: Python, SQL, Bash

ML Frameworks: scikit-learn, XGBoost, TensorFlow, PyTorch

MLOps: MLflow, Kubeflow, Airflow, Docker, Kubernetes

Cloud: AWS SageMaker, S3, Lambda, GCP Vertex AI

PROFESSIONAL EXPERIENCE

Machine Learning Engineer — Cascade Fintech

Bengaluru, India | Feb 2021 – Present

- Built and deployed a fraud-detection model with XGBoost, reducing false positives by 30% while maintaining recall.
- Designed a feature store and retraining pipeline with Airflow, keeping models refreshed on a daily cadence.
- Containerized ML services with Docker and deployed on Kubernetes, supporting auto-scaling under peak transaction loads.
- Implemented model monitoring for drift and performance degradation, cutting incident detection time from days to hours.
- Collaborated with data scientists to move 6+ notebook prototypes into production-grade pipelines.

Data Scientist — Insightloop Analytics

Bengaluru, India | Jul 2019 – Jan 2021

- Built classification and regression models for customer risk scoring using scikit-learn.
- Automated model training pipelines, reducing manual retraining effort by 70%.

PROJECTS

ML Feature Store | Python, Airflow, Redis, PostgreSQL

- Built a lightweight feature store enabling consistent features between training and serving pipelines.

EDUCATION

B.Tech in Computer Science and Engineering — PES University

Bengaluru, India | 2015 – 2019

CERTIFICATIONS

AWS Certified Machine Learning – Specialty • TensorFlow Developer Certificate
